

YURI School (YURI)

Official Whitepaper

Version 1.3

1. Introduction

YURI School is a community-driven blockchain project focused on sustainable token mechanics and responsible long-term development with transparency at its core.

2. Vision & Mission

Vision: To align blockchain innovation with meaningful social impact.

Mission: To operate a fair token economy and responsibly deploy resources when sustainability milestones are achieved.

3. Token Overview

Token Name: YURI School

Ticker: YURI

Network: Binance Smart Chain (BSC)

Standard: BEP-20

4. Tokenomics

Buy Transaction Fee: 0.5%

Sell Transaction Fee: 0.5%

All fees are automatically transferred to the Project Team Wallet.

5. Project Team Wallet & Transparency

The Project Team Wallet address will be publicly disclosed to ensure transparency. All balances and transactions can be independently verified on-chain at any time. Public disclosure does not create fiduciary or custodial obligations.

6. Conditional Social Impact Milestone

Upon reaching an internal threshold equivalent to USD 800,000, the project intends to explore the establishment of schools and medical facilities for children in underserved regions. This objective is aspirational and non-binding.

7. Illustrative Budget Allocation (Non-Binding)

The following allocation is provided for illustrative planning purposes only and does not constitute a legal obligation or guarantee of execution.

Phase 1 – Pre-Construction	
Land acquisition / lease	\$20,000
Legal registration & permits	\$15,000
Design & engineering	\$25,000
Community consultation	\$10,000
Contingency	\$30,000
Phase 2 – Construction	
Classrooms (12–14)	\$260,000
Admin / library / sanitation	\$80,000

Clinic construction	\$100,000
Medical equipment	\$80,000
